This permit is valid for six months from issuance.**

## **DEMOLITION SPECIFICATIONS**

1. Owner or Contractor must contact Kansas 1-800-DIG SAFE (1-800-344-7233) before proceeding with any excavation.
2. The contractor will be responsible for obtaining permission from adjacent landowners if any vehicular or pedestrian traffic is required.
3. Upon approval by the City Commission, demolish, raze, structures and footings of same listing on property. Only main residential structures will be demolished.
4. Disposal of all debris and building materials will be the contractor's responsibility.
5. Cement block or rock foundation material may be used as fill in basement area if a minimum of twenty (20) inches of soil is used to cover the entire basement. Dirt required for fill is the contractor's responsibility. All other decomposable type materials will be removed from site.
6. The contractor will cap sewer line at the main or other suitable location if sewer is a joint service.
7. The contractor will be responsible for notifying all utility suppliers so that they may make necessary disconnects.
8. Contractor will notify the City of Hiawatha Code Enforcement Officer of dates of demolition.
9. The demolition site will be graded to allow proper drainage and accumulation of water.
10. An inspection of demolition site will be required for final approval.
11. Contractor will be given thirty (30) days to complete all work from the "NOTICE TO PROCEED" date. If more time is needed, the contractor will notify Code Enforcement Officer before completion date has expired.
12. All nuisance shrubs and trees will be removed from site and unsafe caves will be demolished and leveled.
13. Underground insurance coverage will be required of the contractor.
